1. Interior Design Service

Many of our jobs involve helping our clients plan and specify the interior of a house, apartment, office or one or more rooms. This may involve choosing wall colours and finishes, flooring, bench surfaces, door hardware, joinery, appliances, bathroom fittings, new curtains, blinds, furniture and accessories. It may also include sourcing particular items, such as antiques or artwork.

We would normally visit you on site to establish a detailed brief and then prepare a scheme to meet your requirements. Layout, sample boards and schedules of finishes are usually provided.

2. Interior and/or Exterior Colour Schemes

This involves visiting you on site to discuss your requirements, take photographs and notes. We then prepare a scheme to meet your brief, together with a schedule of finishes.

3. Kitchen and Bathroom Design/ Interior Renovations and Alterations / Joinery and Furniture Design

We offer a comprehensive service in three stages:

- Initial concept with proposed layout, elevations and finishes.
- The second stage is the completion of full working drawings and specifications, once the initial concept has been agreed.

- Finally we can advise you about suitable contractors, arrange the pricing, let the contract, obtain all necessary consents, and manage the completion of the project.

All fees are estimated in stages so that you are able to progress with your project as you wish.

4. Curtains, blinds, other soft furnishings, furniture, reupholstery

We are very well known for this work, and our passion for textiles continues. We source fabrics and specify the design of curtains, blinds and other soft furnishings, furniture or reupholstery. Sample boards or layouts are usually provided.

Fees

We charge fees for all of our design work and are happy to provide fee estimates.

Briefing Us

The success of your project depends on us developing a detailed brief of your requirements. To ensure you maximise the value of the time we spend working with you, we recommend that you provide us with as much detail as possible about the finished result you wish to achieve. This may include photographs of interiors; details of your likes and dislikes; and any other information you may wish to include. Please include a copy of any available floor plans and elevations.

Budgets

It is helpful for us to work to a budget and we will discuss this with you when we are developing your brief. We understand that you may not be familiar with current costs for the type of work you are planning and we are happy to advise on this.

Supply of Furniture and Furnishings

We are very happy to quote for the supply, manufacturing and installation of all furniture and furnishings items which we specify. We are very experienced in this field and we work with a group of dedicated New Zealand suppliers.

All our work is guaranteed and our prices are very competitive. We also quote on specifications provided by other design companies.

Studio Hours

We encourage you to make appointments to ensure that the designer you wish to see will be available. Our business hours in the Studio, on Level 2 of the Woolstore Design Centre at 258 Thorndon Quay, are from 9.00am to 5.30pm Monday to Friday. We can meet customers outside of these hours by arrangement, so if Saturday or an evening is best for you, please make sure you call in advance to discuss this.
